On 05/29/2024, I obtained surveillance video from Normandale that shows Abaas (Unit 1) backing out of a space and hit Unit 2 which was parked legally and unoccupied. Unit 1 Abaas can be seen getting out of his vehicle and looking at the damage he caused to Unit 2 vehicle. He then left without leaving any info or attempt to notify security.

I spoke with Unit 1 Abaas on the phone, and he admitted to hitting Unit 2. He stated he left the scene because he got nervous. I advised him that is unacceptable and not an excuse.

V1 was travelling EB on Killebrew Dr after just exiting from NB 77. V1 was in center lane of EB Killebrew Dr approaching MOA gate 2. V2 was behind V1 approaching MOA gate 2 in the same manner. but in the most right, left hand turn lane into the MOA via gate 2. V2 began to pass V1 as they were in separate lanes and V1 merged over left to enter the turn lane of MOA gate 2 striking V2 in the rear right quarter panel. This caused V2 to spin out and hit the guardrail on the south side of Killebrew drive. D1 stated he did not see V2 and that it came out of no where. D2 stated that V1 merged right into her and struck her, causing her to spin out and hit the guardrail. Both had insurance. V1 had two adult passengers. V2 had three small children as passengers. I mistakenly forgot to obtain the passengers information. No injuries observed or expressed from either vehicle. Medical aid declined by all parties I was able to obtain video footage of the accident via Mall of America Security cameras. On it, I observed V1 strike V2 as it was driving past, which caused V2 to spin out and strike the guardrail. D1 cited for 169.18.7(1), "(1) a vehicle shall be driven as nearly as practicable entirely within a single lane and shall not be moved from the lane until the driver has first ascertained that the movement can be made with safety;".
