On 08/26/2024 at approximately 22:00, I, Officer Scott and Officer Lamers, responded to a report of an accident with an injury at France Ave/494E.

Upon arriving, Allina had the driver of the motorcycle on a stretcher and loaded him into the back of the ambulance. I took photos of the male's injuries. When observing the crash site, we found white scratch marks in the pavement, two blood stains, a motorcycle windshield, and an orange part of a turn signal light on the road leading to a motorcycle on its left side near the curb facing north on France ave. right before the 494 E on ramp.

We observed the lane the bike was found in had been blocked off with orange reflective barrels. I took photographs of the bike and surrounding area. We also searched the immediate area for a helmet or a possible passenger, we found neither.

The bike had most (if not all) of its damage on the left side of the body in the form of scratches. No major damage was observed.

There also appeared to be parts of the orange reflective barrels bottoms in the road.
