Dispatched to an accident at the intersection of 88th St and 10th Ave. While enroute dispatch advised on of the vehicles involved (KRX093) left the scene without providing any information.

I was traveling eastbound on 86th st when I observed the suspect vehicle traveling at a higher rate of speed, radar indicated they were going 50mph in a 35mph zone.

At 86th and 17th Ave I activated my lights and siren. The vehicle proceeded to travel northbound 17th without stopping or yielding to my lights and siren. The vehicle then went eastbound on 84th st, then northbound on 18th ave, still failing to yield. The vehicle then proceeded to pull into 8300 Old Cedar, where the registered owner of the vehicle resided.

I made contact with the driver identified as, Farah, Farhia. Farah stated that she was aware she was in an accident, but left the scene because she did not have her drivers license on her. Farah advised that she was going to go back. I asked her why she didn't stop for my lights and siren, she advised she was just trying to get home.

Farah did not have any ID or Insurance on her, but I was able to look it up. Farah was cited for Leaving the scene of an accident (Citation #270124208170).

I later made contact with the other vehicle involved, Rodriguez, who stated that after the accident occurred, Farah got out of the vehicle and started pleaing with Rodriguez not to contact the Police. When the Police where called, Farah left the scene.

Rodriguez advised that she was traveling northbound on 10th ave and approached an uncontrolled intersection, at 88th ave. She proceeded north and was struck by Farah who was traveling westbound. Farah had damage to the front of her vehicle, Rodriguez had damage to the rear passenger side of the vehicle, indicating that she was almost through the intersection when struck. Photos of the damage were taken, but due to Farah leaving the scene, no photos of the scene were taken.

Unit 1 traveling southbound on France Ave.

Unit 2 already in intersection to turn westbound (left) onto 98th St W from Northbound France Ave.

Lights for north and southbound traffic started their stopping procedure. Unit 2 was in the intersection as the arrow was flashing yellow. It appears from video surveillance that Unit 1 was traveling southbound, the light turned yellow, and the driver of unit 1 possibly sped up to make the yellow light before it turned red.

Unit 2, started to turn and Unit 1 struck them.

Both vehicles airbags went off with heavy front end damage.

Driver of Unit 2, Enebo, had a broken left ankle, and a head laceration. It appeared driver of Unit 2 was not wearing their seatbelt as it was locked in the normal resting position.

There is video surveillance footage from the college which was later collected using Axon Citizen.

Enebo was transported by Allina to HCMC.

Driver of Unit 1 was not transported.

Vehicles were towed by Chiefs towing due to disabling damage.
