LET'S TALK ABOUT SIDEWALK SNOW MAINTENANCE

The City of Bloomington is considering adjustments to its current sidewalk snow removal process to better align with other City snow removal operations and improve winter conditions for pedestrians.

**The City seeks your help to
develop a well designed plan.**

5 Facts about Sidewalk Snow Plowing in Bloomington

1. Park Maintenance Division staff clear snow from all public sidewalks and trails in the City, totaling over 250 miles.
2. Current sidewalk and trail plowing is done by 10 specialty machines, with each route covering more than 20 miles.
3. Depending on rate of snowfall and total accumulation, it can take up to three (3) days to clear all sidewalks and trails.
4. Public Works Department routinely plows all Bloomington streets and cul-de-sacs within one day (or less) of snowfall.
5. To achieve a similar turnaround time, the sidewalk plowing operation would need to:
 - Add staff and equipment to facilitate shorter, more manageable routes, or
 - Enforce a City ordinance requiring property owners to clear adjacent sidewalks.
