

## **GIGAPOWER**

Please pardon our crews as they construct high speed fiber in your neighborhood.

Our construction partner (ITG Communications) will begin installing fiber internet in your neighborhood this week. Our goal is to minimize any disruptions to your property or your normal routine.

Please take a moment to read the back of this flyer to understand how ITG's work will impact you. We appreciate your cooperation during this time

If you have any questions or should you encounter any issues during or after our work, please reach out to our partner team:

**1-844-331-1217**

## **How Will This Effect You?**

Before we begin construction, we will knock on your door to provide you with more project details. We kindly ask that you keep the street in front of your house clear on the construction start date.

During construction, traffic management will be in place to ensure you can move freely around your neighborhood.

After construction, our crews will clean debris and repair any landscaping that may have been disturbed.

For issues or concerns, contact us at 1-844-331-1217
